PMI Coding Book Package

Item #336 \$299 (a \$38 savings!)
Package includes four books:

CPT Professional Edition The AMA's spiral bound edition offers a straightforward approach to procedural coding. The book is the only one in the market with official CPT coding rules and guidelines developed by the CPT Editorial Panel and used to define items that are necessary to interpret and report medical procedures and services. (This item #311 ordered separately is \$107.95)

ICD-9-CM Vol I & II Spiral Be prepared with the most recent ICD-9-CM code changes with this comprehensive resource strategically organized to help improve coding accuracy and efficiency. Includes dictionary style headings, color tabs and legends on each page. (This item #340 ordered separately is \$92.95)

HCPCS Level II Codes Your guide to Medicare's National Level II codes. Organized for efficiency and accuracy, with enhanced icons, detailed illustrations, quick-flip color tabs and dictionary-style headings. (This item #341 ordered separately is \$94.95)

Taber's Indexed Medical Dictionary, 21st Edition This dictionary provides students and practitioners with the definitions and information they need to provide superior care for their patients. This reference includes 60,000 definitions – with 3,000 brand new to the 21st edition and more than 7,000 revised terms. (This item #326 ordered separately is \$41.95)

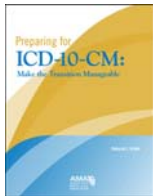

Coding Companion

Spiral bound coding manual that gives you an all-in-one resource for coding by specialty. Twenty-four specialties available. Includes CPT and ICD-9-CM code sets specific to your specialty in a quick-find format with descriptions and detailed illustrations for each code.

Item #406 \$199.95

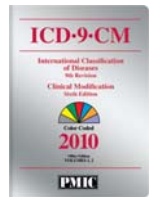

Preparing for ICD-10: Make the Transition Manageable

This AMA resource explains the differences between ICD-9-CM and ICD-10-CM and provides a code set overview. Easy to understand explanations are given on how the switch to this new generation of codes will effect your practice.

Item #420 \$72

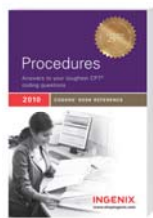

ICD-9-CM Coder's Choice Volumes 1 & 2

This best-selling compact, color-coded, thumb-indexed version of ICD-9-CM has been loaded with full-color anatomical illustrations and a comprehensive diagnosis coding tutorial. Improve your diagnosis code accuracy with this color coding and symbol notation system.

Item #312 \$84.95

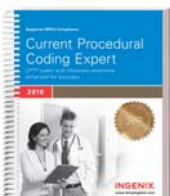

Coder's Desk Reference for Procedures

This all-inclusive tool helps experienced coders identify the minute differences between the components of similar CPT codes, enabling more accurate coding from operative reports and cleaner claims the first time. Use it to train new coders and medical staff in CPT to reduce errors in code selection.

Item #335 \$134.95

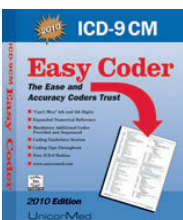

Current Procedural Coding Expert (Spiral) – Formerly CPT Expert

With over 700 changes to the CPT code set, this book can help you interpret annual CPT changes, understand their implications and apply them appropriately to expedite claim submission. Save time locating the information you need. Appendix includes listings of annual code additions, deletions/reinstatements.

Item #105 \$99.95

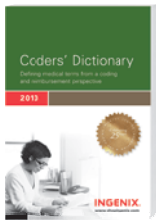

ICD-9-CM Easy Coder By Specialty

Try this Easy Coder ICD-9 book designed for your specialty. These specialty versions give you general medicine codes and codes specific to your specialty in an easy-to-use format that is accurate and detailed. Used by the healthcare consultants and coding schools throughout the U.S. To choose your specialty when ordering, call 800-967-7790 or go on-line, www.practicesupport.com.

Item #305 \$69

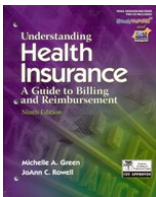

[See Backside →](#)

Coders' Dictionary

Unlike other medical dictionaries, the **Coders' Dictionary** helps you understand medical terminology from a coder's perspective. This unique dictionary was developed to meet the specific needs of medical coders, admitting clerks, billers, and adjudicators. Clear, concise definitions for clinical, coding, billing, and reimbursement terms are all incorporated.

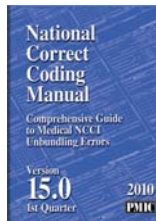

Item #410 \$99.95

Understanding Health Insurance – A Guide to Billing and Reimbursement

Advance your skills in insurance claims processing with this up-to-date 2010 Edition. Both the novice and experienced billing person will gain from this manual. Includes step-by-step guide for filing claims with Medicare, Medicaid, Champus, worker's compensation and common health insurance plans.

Item #147 \$94.95

National Correct Coding Manual

Check code combinations before sending your claim forms to reduce denials, and reduce costly unbundling errors. This manual makes it easy for you to determine if any two CPT/HCPCS codes may be billed together, with or without a modifier. Updated quarterly, so your NCCI edits are always current.

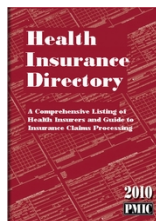

Item #319 \$159

Compliance, Coding & Medical Records – A Package of Tools & Tips

Here is a collection of materials to make compliance, coding, and documentation easier for physicians and staff. Contents include Hospital Visit Pocket Cards with E/M Coding Guide, HCPCS Quick Coder for Supplies/drugs, HIPAA Handbook for Healthcare Staff, CMS Guidelines for diagnosis coding, Documentation errors to avoid, Physician checklist for chart documentation, and steps to reduce malpractice risk.

Item #103 \$69

Health Insurance Directory

This directory features a comprehensive introduction to health insurance, medical claims processing, detailed instructions for completion of all health insurance claim forms, an alphabetical listing of over 2,000 health insurers and regulatory agencies with the addresses, telephone numbers and FAX numbers, website urls, plus special pages to add your own listings for local carriers, unions, and employer plans...everything you need for health insurance claim submission and follow-up.

Item #413 \$69.95

Certified Medical Coder Self-Study Packet

Advance your coding and reimbursement skills with this valuable certified training program. This packet includes all the tested and proven course materials as presented in live classes with the full lecture on CDs along with a companion notebook. Self Study participants have access to a 24 hour toll free hotline to call in questions. You also receive all the details for your certification exam date and location. For more information and to order, go to www.practicesupport.com.
